As the object of these questions is, in the event of the man being hospitalised, to put the authorities of the Military Forces of the Commonwealth in possession of the most reliable information possible upon the origin of those facts capable of leading, or so to guide them in deciding upon the man's claim to compensation, clear and definite answers must be given. ALL QUESTIONS MUST BE ANSWERED.

7. Disease or Disability Nervousness

In answering the following questions the Medical Officer will carefully discriminate between the man's occupational exposures on his own, and accidents without furnished by his employers, military and civilian. He will also carefully discriminate cases entirely due to venereal diseases.

## Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to ALL the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the authorities of the Military Forces should be in possession of the most reliable information to enable them to decide upon the man's claim to pension or compensation.

- (ii.) Expressions such as "may," "might," "probably," &c., should be avoided.  
 (iii.) In answering question 22 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.  
 (iv.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

21. State how far the Board concur with the answers to Questions 7-20—42, "in toto," "partially," or "not at all."

*in toto*

22. The Board will describe the pathological condition present at time of examination by the Board

*Nervous instability*
